STEAM

Matériel:

Pince à linge

Pompoms

Fils chenilles pour former des ailes

Caissettes de muffins

Café en poudre

Semoule de blé fine

Procédure:

Créer un papillon avec les fils chenilles et la pince à linge, pincer le pompom avec le pince à linge puis transverse du café en poudre dans une caissette puis de la semoule de blé dans l'autre, l'enfant doit tremper le papillon dans une caissette puis dans l'autre, ce qui mélangera les grains.

Demander à l'enfant comment se fait la pollinisation.

La pollinisation se fait quand un papillon va sur une plante à l'autre pour boire le nectar. La pollinisation c'est le transport d'un grain de pollen d'une fleur à une autre ce qui fait que la plante peut faire des graines.
